Brochure 2019

Valid from 1st June

FREE TRIAL

Mixing up standing and sitting is a wonderful new experience. Those who have tried it never look back.

That's why we allow our customers to test out **over 30 solutions*** with ease and in confidence.

30-Day FREE Trial

1. You tell us which solution(s) you wish to try out. We require either a deposit payment or you can give us a purchase order if we are to invoice you after 30 days
2. The 30-day period begins once the product has arrived at your chosen delivery location
3. We arrange for collection of the FREE Trial solutions at no cost to UK based customers
4. If you wish to return an item on trial, you must inform us within 30 days otherwise the invoice will be payable

* Voucher codes may not be used with FREE Trial applications. Further terms and conditions apply as listed on our website.

1. Our Company

Our mission

To improve office workers' health & productivity at work with high quality and affordable active office solutions.

About us

For decades standing desks were sold as “disability products” for people with back problems or “special ergonomic needs”. **Poor choice, poor service, unenlightened suppliers and very high prices were common place.**

Sit-Stand.Com® was established in 2014 to offer a fresh, simple and more positive approach. As the **Standing Desk Megastore**, we focus exclusively on the supply of active office solutions by offering:

- **Better range of solutions & value**
- **Unbeatable value**
- **Expert sales knowledge & support**
- **Free Active Working guidelines, seminars & training**

Our company continues to grow very healthily. With 20,000 customers and over 200,000 of our active office solutions now moving up/down in the UK, EU, Middle East and USA.

We continue with great passion to build our range of high-quality solutions at affordable prices. We have recently launched in North America and have plans to get the whole world moving.

Benefits of standing at work

- **Kick start your metabolism**
- **Burn calories**
- **Improve blood circulation**
- **Improve posture**
- **Better breathing & oxygen flow to the brain**
- **Engage key muscle groups to avoid deterioration**
- **Improve concentration**
- **Reduce stress**
- **Reduce blood pressure**
- **Productivity increases**

Why Sit-Stand.Com?

#1

Sit-Stand.Com® is the UK's largest online exclusive supplier of active office furniture. We do our utmost to help you get moving.

FREE TRIAL

Take advantage of our **30-day FREE TRIAL** available with over 20 solutions. Test out with peace of mind to make sure your solution suits you and your office environment.

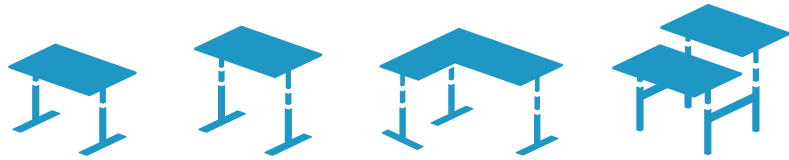

Sit-Stand.Com® is official supplier to the **Get Britain Standing®** campaign which is responsible for the dramatic increase in public awareness of the sitting disease in recent years. We also sponsor **On Your Feet®**, a free workplace awareness day. Visit our website for free **On Your Feet®** official posters.

2.8 Desk Tops

Your desk. Your top.

You tell us what **colour, shape** and **size** desk top you want for your standing desk and we will deliver – faster than ever.

At **Sit-Stand.Com®** we know every office is different - so we've expanded our range of desk tops to ensure that every customer can have the sit-stand desk and top that suits their preference.

We offer a huge selection of desk top **colours, shapes** and **sizes**, and we can deliver them in as quickly as **two days**. So you can re-style your workplace with a bespoke adjustable standing desk to your precise needs, faster than ever.

The selection of colours, shapes and sizes comes as Sit-Stand.Com® continues to expand our range of standing desks including the **Independent Newspaper** award winning Swedish designed **Flytta®**, the new **Yo-Yo DESK PRO®**, **DeskPro®** and **HushDesk®**.

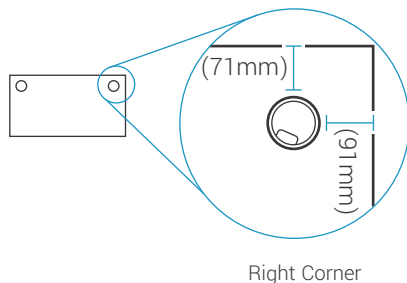

As the UK's No.1 standing desk company, we offer installation and delivery within **7 – 10 working days**. Standard colour desk tops are available within 2 days and non-standard shapes are available in **3 – 4 weeks**.

Top quality

- Heavy duty laminate tops (25mm thick) are hard wearing, heat and scratch resistant
- MDF core is heat resistant to 180 centigrade
- Fitted with metal-to-metal fixings to ensure that the desks have the strongest possible construction

Portholes

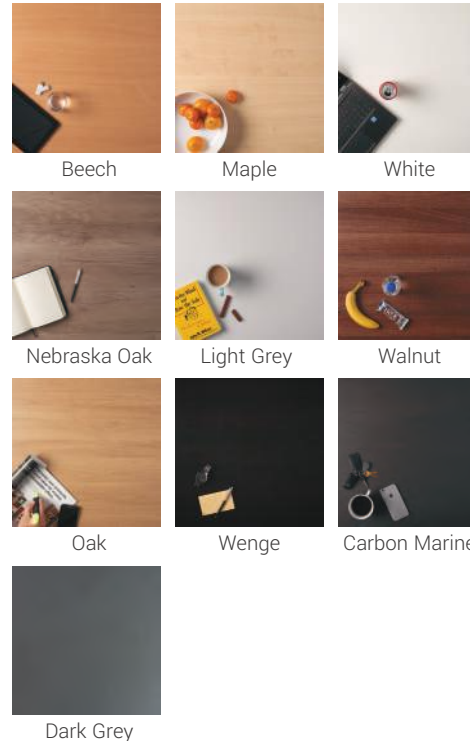

All our desk tops come with **portholes** (grey covers). Please instruct us if you **do not** require port holes.

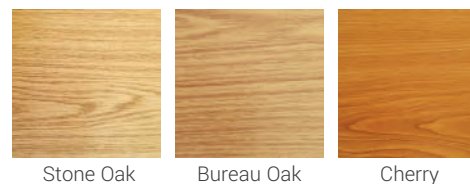

FREE Colour Samples

FREE mini samples of our desk top colour finishes are available upon request.

3.1 Yo-Yo DESK® CLASSIC

YO-YO DESK® CLASSIC

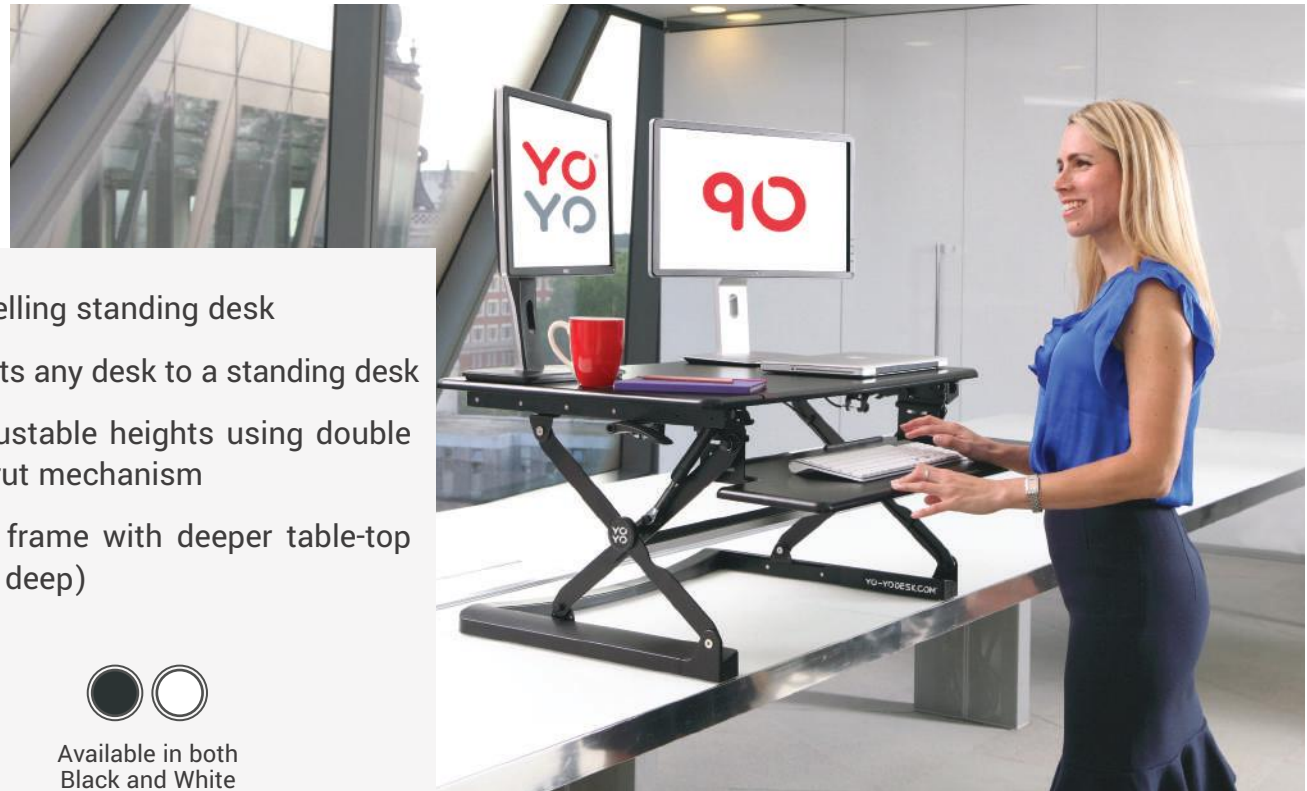

Desk Risers

Overview

Yo-Yo DESK® CLASSIC is the best-selling standing desk. It is especially suitable for users who need more desktop space and weight load (ie monitors) to be placed on the desktop. Better functionality and pricing than its main competitors: Varidesk and Ergotron.

Key Features

- **Smooth height adjustment:** 15 adjustable heights
- Switch from sitting to standing in just 1 second using **easy-press levers** on each side
- **Height extension:** 15 - 50cm (Desktop), 0 - 35cm (Keyboard)
- Split level worktop. Supports **Single and Dual computer monitors** and monitor arms
- **Aircraft grade** gas-strut
- **4 sizes:** MINI, 90cm, 120cm and CUBE corner desk. All Black or White
- Wider and **deeper keyboard tray** for optimum ergonomic use
- **15kg load capacity**
- **Easy install** (5 minutes)
- **3-year warranty**
- Delivery: **2 - 3 days**

Yo-Yo DESK® 90

- Best-selling standing desk
- Converts any desk to a standing desk
- 15 adjustable heights using double gas strut mechanism
- Larger frame with deeper table-top (59cm deep)

Available in both
Black and White

MINI

90

120

CUBE

3.2 Yo-Yo DESK® SLIM

YO-YO DESK® SLIM

Desk Risers

- Converts any desk to a standing desk
- 30 adjustable heights. Uses patented Quick-Release™ lock
- SLIM table-top (40cm deep) with lighter frame
- Operated using using single lever (right side)

Available in both
Black and White

Yo-Yo DESK® 95-S

80 S

95 S

CUBE S

Overview

Yo-Yo DESK® SLIM has 30 adjustable heights and glides more lightly due to its lower weight.

Yo-Yo DESK® SLIM is more suitable for users who need less desktop space or users who need to have more height adjustment options at the lower level.

Key Features

- **Smooth height adjustment:** 30 adjustable heights
- Switch from sitting to standing in just 1 second using **easy-press lever** on right side
- **Height extension:** 10 - 50cm (Desktop), 0 - 38cm (Keyboard)
- Split level worktop. Supports **Single and Dual computer monitors** and monitor arms
- **Aircraft grade** gas-strut
- **3 sizes:** 80cm, 95cm and CUBE corner desk. All Black and White
- **SLIM table-top** (40cm deep) with lighter frame
- **15kg load capacity**
- **Easy install** (5 minutes)
- **3-year warranty**
- Delivery: **2 - 3 days**

3.3 Product Comparison - CLASSIC vs SLIM

Desk Risers

YO-YODESK® CLASSIC

Features

- **Larger frame** and a **deeper desk top**
- **59cm desktop depth.** More desk space
- **15cm distance** between desk top and keyboard tray levels
- **Larger footprint.** Requires more space on existing desk
- **More robust** and stable (at highest position)
- **Two handles** needed to operate transition up/down (one on each side)
- **Dual gas struts** (small)

Height adjustment

- **15 adjustable heights**
- Suitable for users: **5' 0" (150cm) – 6' 0" (182cm)**
- Desktop height range: **15 – 50cm**
- Keyboard height range: **0 – 35cm**

Overview

Yo-Yo DESK® GO effortlessly transforms any desk into a personalised sit-stand desk. The height adjustable keyboard tray glides up/down to any height. Flexible monitor movement capability enables swivel, rotation and tilt thereby making it the optimal ergonomic sit-stand solution.

Key Features

- Height adjustment on a vertical pole promotes **optimal ergonomic positioning**
- Enables user to develop **faultless sit-stand working posture**
- **Effortlessly lifts** to the correct height
- Wide range of movement capability which allows for **swivel, rotation and tilt** to match different viewing angle needs
- **Storage organiser** and embedded rack will hold most tablets and phones
- **Cable management** at rear of pole will keep cables organised for a clean clutter-free look
- Detachable VESA plate for **installation easy**. 15 – 30 minutes simple assembly
- **3-year warranty**
- Delivery: **2 - 3 days**

- Suitable for single or dual monitors
- Up to 50cm height adjustment
- Effortless transition up/down
- Optimal ergonomic solution. Full range of movement flexibility
- Clutter-free cable management

Available in both

4. Active Feet

Overview

It's important to avoid prolonged bouts of both sitting and standing. To avoid static standing – it is essential to move easily and often.

This is why health experts believe anyone using a standing desk should use an active feet solution ie anti-fatigue mat or wobble board.

- Reduce (the risk of) fatigue and avoid aches from standing
- Boosts blood circulation by encouraging you to move more
- Improves posture and increases calorie burn & oxygen flow to the brain

YO-YO MAT®

Key Features

- Yo-Yo MAT® is the UK's best-selling anti-fatigue mat
- **Anti-slip base** and puncture resistant
- **Excellent strength** and durability
- **3 sizes:** MINI, Medium and Large
- **10-year warranty**

imprint®

Key Features

- Imprint DELUXE Cumulus PRO® is America's award winning anti-fatigue mat
- **Anti-slip base** and puncture resistant
- **Unbeatable strength** and durability
- **4 colours:** Black, Brown, Grey and Dark Grey
- **10-year warranty**

Steppie

Key Features

- Steppie® is the "best in class" wobble board designed by experts
- Steppie® encourages you to **move with the correct pronation** which avoids strains to the ankles, knees, hips and back
- 2 models: Steppie® and Steppie® Soft Top

5. Our Expertise: Standing Out

- 5.1 Professional Expertise
- 5.2 Installation Expertise
- 5.3 Education & Training

5.1 Professional Expertise

Our Expertise: Standing Out

Making a difference

Each member of the **Sit-Stand.Com**[®] team is dedicated to making sure you receive unbeatable service:

1 Optimum solutions

Once we understand your specific requirements, we can advise you on the optimum solution(s).

2 Save time & money

By **buying direct** you save. This is because we own several best-selling brands.

3 We go further

Offering **FREE education and training** to help UK customers maximise the return on investment and ensure best practice.

4 Extended warranties

For some products we may be able to offer **extended warranty** periods. Please speak to our sales team for details.

Professional Process

We follow a simple process to make sure we deliver to your needs - on time and on budget:

1 Specification

Collecting information necessary to match your bespoke requirements, company/people culture, office environment and budget.

2 Extensive range

We will advise you through the **complete range** on our website. We may be able to source alternative solutions for you if required.

3 FREE Trial

Test out any of our products free for up to **30 days** so you can be sure you have the perfect solution (UK customers only).

4 Tailored solutions

If you have any a bespoke requirement, we will do our best to fulfil your needs.

5 Installation experts

Our team of **20 installers** have extensive experience in dealing with complex and large-scale fitout projects.

6 Free training

To help you maximise sit-stand usage, project cost-effectiveness & **return on investment** - we offer a range of **educational services**.

7 After care

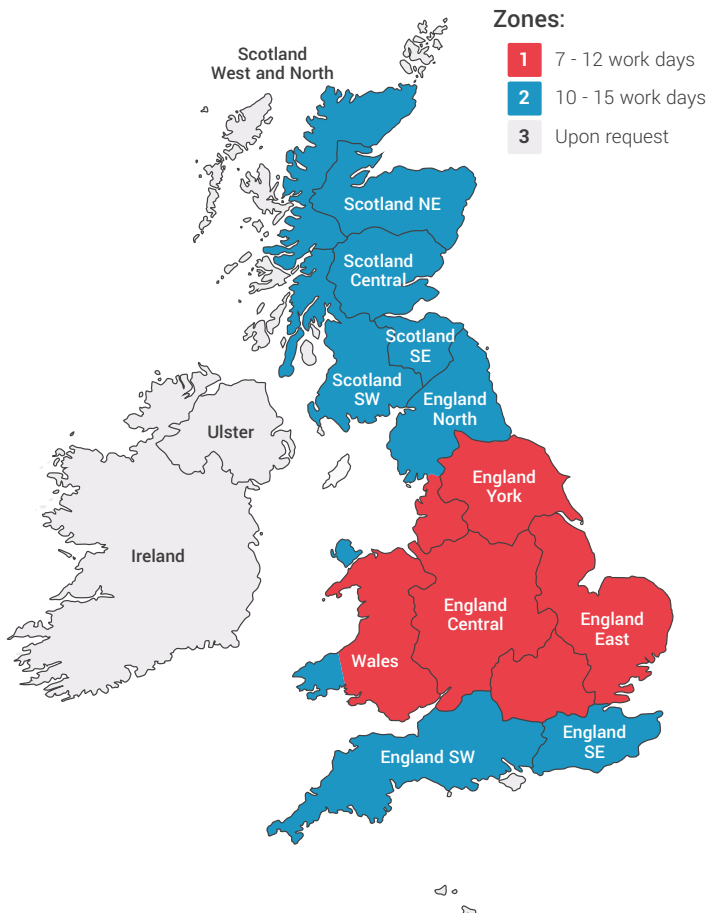

Share your experience with us. We are **official partners** of **Active Working**[®] and can deliver additional training and support.

5.2 Installation Expertise

Our team of **20 installation experts** have extensive experience in dealing with complex and large-scale fitout projects.

Installation Lead Times

We operate out of 2 warehouses (Newbury and Leicester) with varying desk installation lead times.

Our Expertise: Standing Out

Project Expertise

Our installers have experience in large office, retail and leisure project fit-outs. Each member of the team prides themselves on:

- 1 Attention to detail
- 2 Careful handling of products
- 3 Having a flexible and hands-on approach to our customers' needs

High Quality, Professional Service

Each member of the team is dedicated to delivering the highest standard of professional service on both installation and logistics:

- 1 CSCS registered
- 2 Carry comprehensive toolkits
- 3 Conversant in material handling techniques
- 4 First aid and health & safety knowledge
- 5 Personal touch

What More Can We Do?

Every installation is different so **if agreed in advance**, we may be able to provide additional service:

- 1 **Storage, distribution, installation and reconfiguration** work for clients in our warehouse prior to fit-out or deliveries direct to client site
- 2 **Offload, unpack and install** furniture to instructions and/or drawings
- 3 **Remove and recycle all packaging.** The products and area are left clean and tidy
- 4 **Site clearance** – disposal/recycling of unwanted furniture, is quoted on a case by case basis for an additional fee
- 5 We can also quote you for additional **re-configurations ie disassembly, reassembly and re-positioning** of existing furniture

5.3 Education & Training

Our Expertise: Standing Out

Office workers sit for 10 hours each day

Growing international scientific research concludes that excessive and prolonged sitting (irrespective of level of physical activity) may lead to increased risks of:

Research shows us that training and best-practise knowledge increases sit-stand usage by 300%. That's why Sit-Stand.Com offer a range of free training and educational services.

Our fully integrated expert approach means our clients source the optimal mix of solutions with the necessary training and support to maximise the benefits and return on investment.

1 Active Working Guidelines

Research shows that training is the best way to ensure sit-stand desks are used properly and regularly. The target is to reduce regular office sitting time by a minimum of **2 hours a day** by a series of regular activity interruptions which include standing at your desk, standing in meetings, walking meetings and ad hoc movement activities. We offer a **FREE Guide to Active Working** and how it can deliver measurable improvements in employee health, productivity & engagement.

2 Sit-Stand User Guidelines

Follow the best-practises as recommended by ergonomists and wellness experts. We offer **FREE Sit-Stand User Guidelines** for users of desk risers and sit-stand desks.

3 Active Working Seminar

We pay for an expert thought leader to come to your office and present an **Active Working Seminar** to corporate clients. **Active Working Wheel®** increases employee wellness and performance through break-up and reduction of workplace sedentary behaviour.

6. Message from our Owner - Gavin Bradley

In my 30 years of international marketing & consultancy experience with elite football clubs and multinationals (Liberty Global, Cable & Wireless, Coca Cola and Unilever), it wasn't until I spent a short spell working with a drug and alcohol abuse charity in Sweden that I first saw a standing desk in 2013. **Who would have thought that this would lead to a complete change of direction in my life?**

In Sweden standing desks have been around since the mid 90's, and whilst most people have them few are able to explain why - or what benefits they offer. Curious as I am, I wanted to learn more. On returning to the UK I watched a BBC medical documentary called "Trust Me I'm a Doctor" – revealing that blood sugar levels reduced after people stood - especially after meal times.

I became fascinated and started digging for further evidence. I soon uncovered a plethora of health risks associated with prolonged sitting and growing scientific evidence of the benefits of interrupting sitting with standing and light activity.

Passionate as I am about the importance of physical activity in combatting the growth of obesity and associated public health risks, I decided to set up the **Get Britain Standing** campaign which immediately attracted media attention. My motto soon became "Fake it until you make it" as no-one was championing the issue of prolonged sitting and the research was too fragmented and needed to be made "Simple Stupid". The furniture industry was also not helping by selling ergonomic furniture at prohibitively high prices and marketed as "disability solutions".

The sitting disease needed focus and strong leadership.

As founding director of **Active Working CIC** in 2013, I take great pride in driving the growth of awareness, thought leadership and advocacy for the multiple benefits of sitting less and moving more by office workers in the workplace.

Active Working® CIC now operates **Get Standing®** campaigns in Great Britain, Australia, USA and Canada. **These campaigns have risen awareness and understanding of the health risks connected with sedentary working of office workers from 15% to nearly 65% since 2013.**

In 2014, I commissioned and co-wrote the first global **Expert Statement** on standing & light activity time for office workers (with financial support from **Public Health England**) and lead expert authors: **Professor John Buckley** and **Professor David Dunstan**. These guidelines were published by the **British Journal for Sports Medicine** in June 2015 and now serve as a benchmark for subsequent research projects.

Whilst it is with great pleasure that I have devoted the last 5 years to improving office workers health, I will not be fully satisfied until a provision of a standing desk becomes a basic work right for office workers everywhere, following the lead of Denmark where it is now the law.

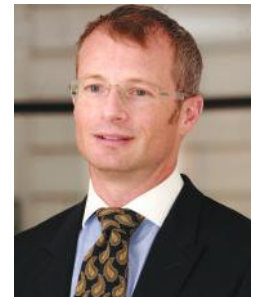

I am committed to building Sit-Stand.Com into the world's favourite Standing Desk Megastore and ensuring that our solutions are used to maximum impact. Finally, few people know that user education will increase sit-stand desk usage by a multiple of FOUR times. Hence, we offer FREE Active Working Seminars and user guidelines to our corporate clients.

Thank you for reading and healthy wishes to you,

Gavin Bradley

Managing Director of Sit-Stand.Com

Founding Director of Active Working
